

The Jukebox Charter Checklist

- ☐ 1. Is there a clear indication of the song queue length?
- ☐ 2. Does the jukebox warn you about playing songs already in the queue or prevent you from playing them?
- ☐ 3. Are songs played in the sequence you request?
- ☐ 4. Are songs played faithfully, e.g. without fading in or out?
- ☐ 5. When the queue is empty, is the current random-play song completed before your choices are played?
- ☐ 6. Is it obvious how to get a refund if something goes wrong, or your song is cancelled?
- ☐ 7. Does the jukebox display enough information to enable you to identify the currently playing track?
